

Pricing

Indoor Plant Hire - Canberra ACT

"our designers can put together a comprehensive proposal for you..."

As part of the design and proposal process, pricing of indoor plants is dependant upon many variables. These include:

- Size and type of container
- Size and type of plant
- Amount of light and other environmental factors
- Numbers of plants required
- Accessibility of office

As each of the above factors vary, so does the price for any given indoor plant display.

A very basic guide to our rental/hire pricing is:

Desk Plant from \$1 to \$12 per week

Floor Plant from \$2 to \$20 per week

Multi Planter from \$3 to \$40 per week

We also offer purchase and service only options.

The pricing varies considerably, as you can see, so the best way to get an accurate assessment is to email us via the link contact us or ring on 02 6296 3029. We will be very happy to provide you with an obligation free design and proposal for your interior space.
